Here are some more details about the situation:

### 1. What is this Lawsuit about?

#### a. Description of Lawsuit

In this Lawsuit, the City of Oakland (“City”) sued California Waste Solutions (“CWS”) for allegedly overcharging some residents for certain recycling services to recover the overpayments for Oakland residents.

CWS provides recycling collection services to Oakland residents under the 2015 Residential Recycling Services Contract (“Recycling Contract”). The City alleges that CWS overcharged some owners or residents of multifamily dwellings (“MFDs”) for certain premium backyard recycling cart services from July 1, 2015, through the end of 2021. The City alleges that the correct contract rate for the premium backyard recycling cart services at MFDs was originally \$27.85 per month per cart, but CWS initially charged \$152.68 for the service. The City alleges that this overcharge was a breach of the Recycling Contract.

Although CWS does not admit to the allegations, CWS chose to settle this case without admitting liability. The Court has not decided which party is right. Rather, the parties have agreed to a Settlement so that persons who paid CWS’ charges for MFD premium backyard recycling cart services can be refunded some of the payments they made to CWS.

#### b. Terms of Settlement

CWS agreed to pay a settlement amount of at least \$6,223,508.00 to be made available to all persons who may have been overcharged for premium backyard services for carts at MFDs from July 1, 2015 until December 31, 2021. CWS has deposited the settlement into an escrow account (“Reimbursement Fund”) managed and distributed by a third-party claims administrator. Each overcharged person may submit a claim to receive a share of the Reimbursement Fund, and that share will be calculated according to that person’s actual overpayments made to CWS.

#### c. Eligibility for Payment

Those persons who made overpayments to CWS for premium backyard services for carts at MFDs at any time from July 1, 2015 until December 31, 2021 are eligible for refunds.

Claimant has read section 1542 of the California Civil Code which provides:

**"A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR OR RELEASED PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY."**

After reading this provision and having had an opportunity to discuss this provision with their counsel, Claimant intends to and does specifically waive and relinquish each and every right, protection and benefit to which Claimant would be entitled under section 1542.

It is expressly understood and agreed that the possibility of unknown claims existing has been explicitly taken into account in entering into this Release and that Claimant is waiving the provisions of section 1542 in order to receive the refund amount and help end all litigation between California Waste Solutions, Inc. and the City of Oakland, which litigation might otherwise be expensive, time-consuming, and of uncertain result. Claimant's waiver of all rights and benefits afforded by section 1542 is done with her understanding and acknowledgement of the significance of such a specific waiver of section 1542.
